WHERE ARE YOU FROM?

I was born in Barcelona.

● **Why did you decide to join Valtria?**

I decided to join Valtria because I saw an opportunity to grow and improve my knowledge and experience.

● **What do you like about Valtria?**

Of Valtria I like that it is a serious company where there is a good atmosphere and where it is nice to work.

● **And outside Valtria, what activities do you enjoy doing in your free time?**

I could go on for ages here, but I really like nature and animals. In my free time I go to the mountain a lot with my dog partner. I like hiking, via ferrata, being at the beach and enjoying the company of family and friends.
